EVENTS SERVICES

Event Infrastructure Built Around Your Needs

Scaffolding Solutions provides professional access and structural solutions for events of every scale. From concerts and festivals to sporting events and large-scale productions, our team delivers safe, adaptable infrastructure designed around the requirements of each venue and production.

Our event solutions include support structures, Stage Structures, access systems, stairways, camera and security towers, screen and signage structures, temporary fencing, barriers and custom scaffolding configurations.

With extensive experience in demanding event environments, Scaffolding Solutions supports each project from planning and installation through to dismantling, providing the infrastructure needed behind every successful production.

Safe. Adaptable. Built for the event.

Creating the Setting for Every Event

S.Y. Stage delivers versatile staging and event solutions for concerts, festivals, weddings, corporate events, exhibitions and large-scale productions. Every setup is adapted to the venue, concept and specific requirements of the event.

Our solutions include stages and risers, dance floors, catwalks and walkways, pool covers, grandstands, bars and DJ booths, draping, carpets, printed floors and panels, backstage areas, accessible ramps, dressing rooms and custom event structures

From straightforward setups to fully customized concepts, S.Y. Stage combines flexibility, experience and attention to detail to help transform each space into a setting built for the occasion.

Your event. Your vision. Our stage.

Hygiene Solutions for Every Event

so.LOO.tions provides complete sanitation solutions for events of every scale, from private celebrations and weddings to festivals, concerts and large public gatherings. Our services are adapted to the location, duration and attendance requirements of each event.

Our range includes standard portable toilets, accessible units, VIP T-Lux toilets, self-cleaning toilets, portable showers, handwash stations, male urinals and female urinals.

Beyond delivery and setup, our team provides scheduled servicing, cleaning and maintenance throughout the event, helping ensure facilities remain clean, hygienic and ready for use from start to finish.

From essential facilities to premium sanitation solutions, so.LOO.tions provides the infrastructure and ongoing support needed for a better event experience.

Clean. Reliable. Ready throughout your event.

Custom Solutions. Made Possible.

SOLID brings custom ideas to life through digital fabrication and practical construction expertise, creating unique solutions for events, exhibitions, weddings, brand activations and special productions.

Our capabilities include 3D printing, CNC cutting, laser cutting and custom structures, allowing us to produce everything from decorative elements, signage and branded displays to custom installations, booths, structures and one-off creations tailored to the requirements of each project.

From a simple concept to a fully customized creation, SOLID combines design, technology and fabrication to turn ideas into physical solutions built specifically for the event.

You imagine it. We make it SOLID.
